LIGHT DESIGN

Inspired by Australia's agricultural industry the silo light embraces the simple form of a grain storage silo, and how this simple shape links in with the geometry that permeates so much of the Bauhaus design aesthetic. Once again raw steel is used drawing on practical raw materials used throughout history.

The Silo light is available in two sizes small 210mmx220mm and large 400mmx420mm, both options are available in raw black steel, copper or Dulux powder coat finish.
